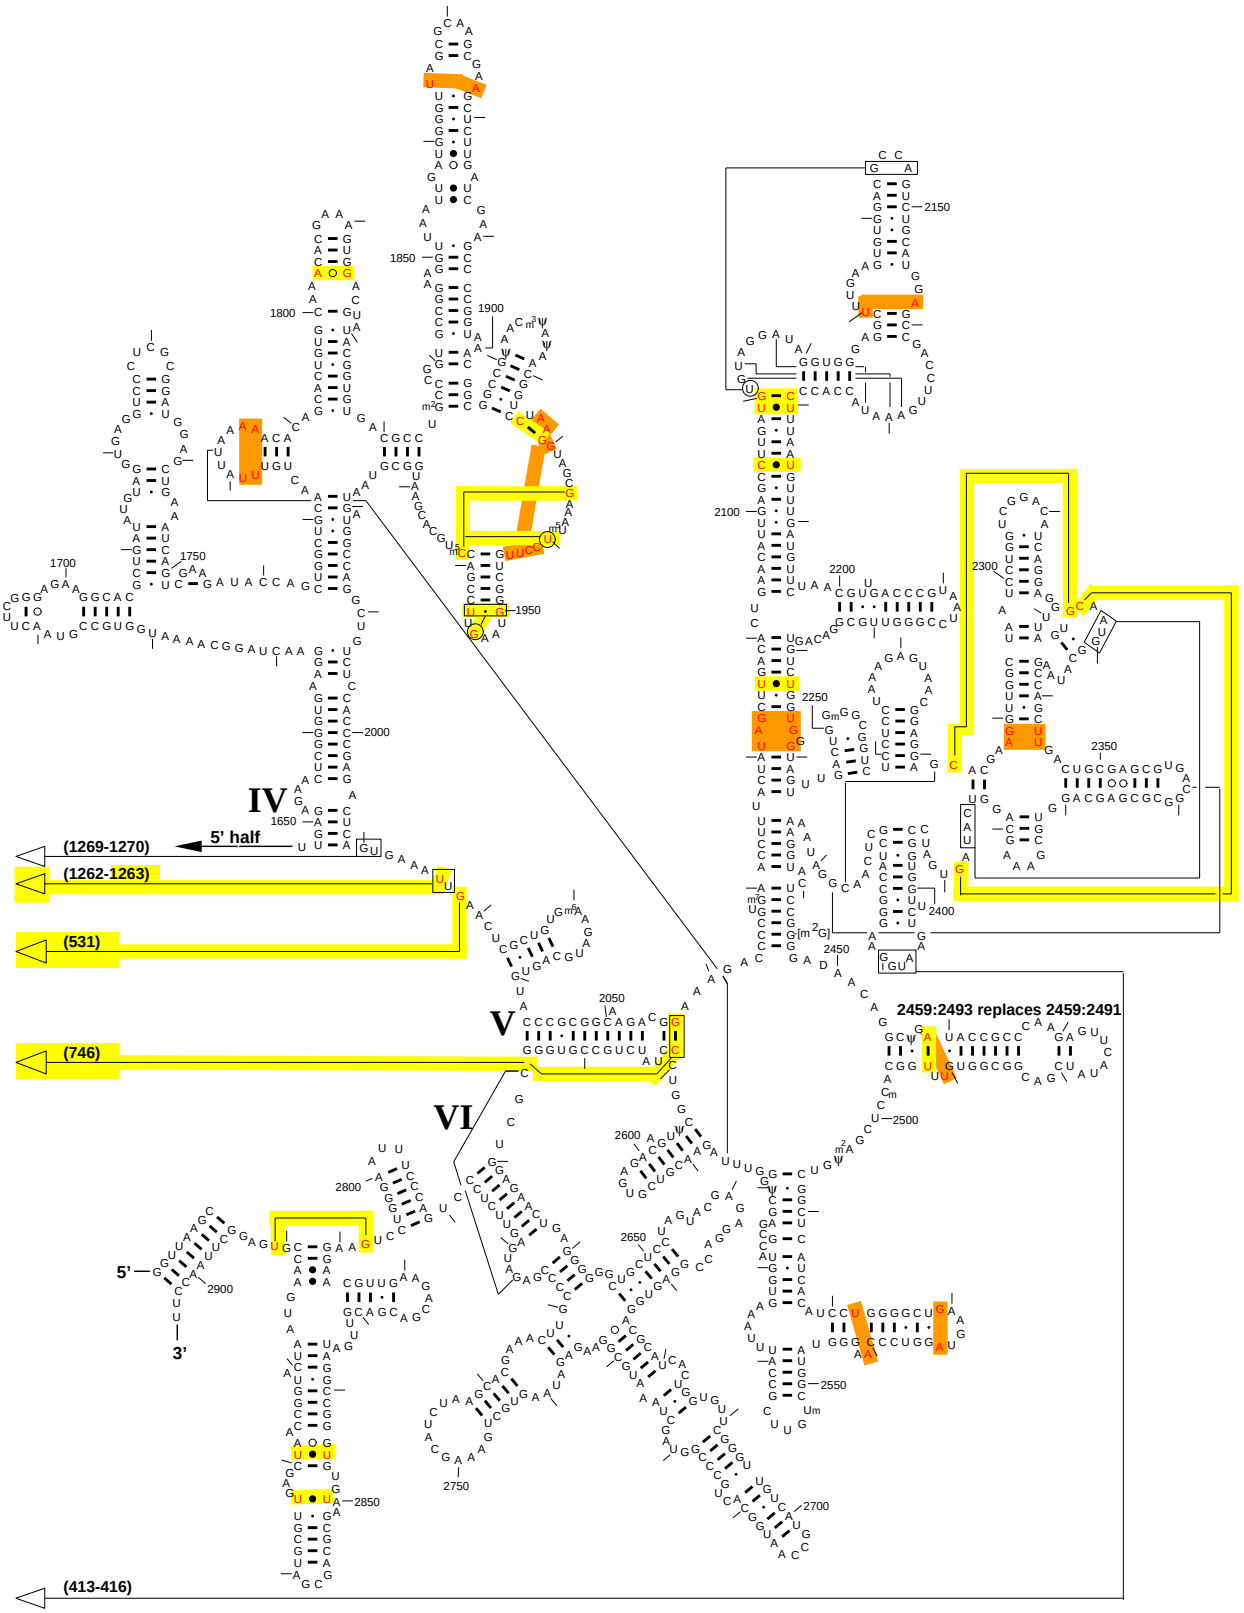
# Secondary Structure: large subunit ribosomal RNA - 3' half
## Changes Since Last Published Model (1996)



**Symbols Used In This Diagram:**

G — C - Canonical base pair (A-U, G-C)
G • U - G-U base pair
G ○ A - G-A base pair
U ● U - Non-canonical base pair

Every 10th nucleotide is marked with a tick mark, and every 50th nucleotide is numbered.

Tertiary interactions with strong comparative data are connected by solid lines.

**Added since last published model (1996).**

**Removed since last published model (1996).**

*Escherichia coli*
